September 2006

SUMMERSET IS ALMOST HERE!!!

Did you mail in your entry yet?? DO IT NOW! This is the event of the year!

Want to race, but don't have crew? CALL ME!

Don't have a PHRF #? ENTER IN THE CMCS CLASS.

Want to cruise, but don't know where to keep your boat in Naples? CALL BOB GERRY.

NO EXCUSES!! Everyone should attend. Our Sponsors are counting on a large crowd. The prizes are AWESOME.

OK, NEXT TOPIC

Have you noticed what a great TEAM we have in the CMCS organization? Ray and I have been in Chicago for six (6) weeks this summer and everything keeps going on schedule! That's because of the wonderful people who all contribute a little...."many hands make light work".

NOW...you should start thinking about what position YOU want to hold in 2007!

NEW MEMBERS: this is a great way to meet everyone. We can even have 2-3 people share some positions (Sail Mate, Bartender, Liberty Ashore, Chowder Chatter). Please start looking around and volunteer for a leadership role in 2007. Each officer and/or committee head has been keeping notes/report, so you will have a blueprint to work from. Don't make me call YOU!

September looks ahead to be a busy month of races, social at Hurricane Harry's on September 16, Monthly Meeting on September 19, and the Festival of the Island Social on September 30 (see coupon on page 5).

We are flying HOME (yes, we feel like FL is our home now) on August 31—just in time for Summerset. SEE YOU SOON!

From the Windy City,

**41st Annual Summerset Regatta
"Sail the Tradition"
Sponsored by CMCS
Labor Day Weekend 2006
Race, Cruise, Party**

NOW HEAR THIS! We are taking reservations for the Summerset Awards Dinner on Sunday evening, September 3 at the Naples Sailing and Yacht Club*, 896 River Point Drive, Naples, FL 34102.

A first class dinner will be provided by the NSYC for \$30 each, including tax and tip, in a beautiful setting with great friends. Nothing comparable any place else in Naples.

EVERYONE is welcome to attend the awards dinner. **Deadline to purchase dinner tickets is Tuesday, August 29, 2006.** Send checks to Marla Parker, 1510 Braman Avenue., Ft. Myers, FL 33901.

The 41st Summerset Regatta is cocked and ready to go. One of the last pieces in place was the organization of the committee boat fleet. We have a lot of wonderful sponsors, raised money, printed tee shirts, door prizes are in hand and youth sailing clubs are going to benefit.

We need participants: cruising and racing. An entry gets you one tee shirt, a \$10 WEST MARINE gift certificate, a haul-out from OLSENS, duffel bags from HARKEN and QUANTUM, gloves, sandals, a Waterway Guide for South Florida, and an air conditioner check up. Also, the piece de resistance: a \$1,200 Garmin hand-held GPS with nautical and highway charts.

The Summerset Committee has raised the Regatta organization up a notch. The level of sponsor support is unbelievable. Participation by sailing entries is necessary if we want to maintain this level and grow. CMCS is going to be so proud of its support of the youth sailing groups.

***Driving directions to NSYC:** From I-75, going South, take Exit 16, Pine Ridge Road, west to Goodlette Frank Rd. Go left until you meet 5th Avenue (US41). Turn left, crossing the Gordon River Bridge, turn right at the next stoplight onto River Point Drive. The NSYC is at the end of River Point Drive.

SUMMERSSET SUNDAY CRUISE

Cruisers come join Waite and Mary Alexander (Island Time) and Jim and Dee Vaigl (Irish Miss) on the cruise and picnic to Hurricane Pass on Keewaydin Island on Summerset Sunday. This is a great anchorage with beautiful beaches on both the Pass side and the Gulf side for beachcombing and swimming.

BYOL (Bring Your Own Lunch) - we will provide beer, wine and soda. You can take your own boat or come with us on our boats. If you would like to bring your dinghy, we will be glad to tow it.

Let us know at the Cocktail Party on Saturday, if you plan to join us.

**Rear Commodore of Racing
Tom Gore
334-0673**

I had hoped to be able to give you a better result than this when the Board of Directors gave its' approval for me to look into changing the way SWFPHRF conducted the Boat of the Year races. I had thought that having our (and each sailing clubs') local races count as a means to get to a large BOTY Regatta would stimulate interest in local racing and also give rise to a great once a year regatta.

I was aware that several of the BOTY regattas were conducted by yacht clubs with very few sailors with sailboats as members. These yacht clubs held regattas for their own purposes before BOTY began. However, when BOTY as begun, these regattas were made BOTY regattas. I had come to the conclusion that the BOTY regattas were harming our monthly races because of conflicts and the distances involved to attend these events.

However, I was unable to sell my idea to those who made the decisions about BOTY. The total number of BOTY regattas was reduced to six or seven, but none of them end in Fort Myers. We have Summerset as our only BOTY regatta, and it is held principally in Naples. Perhaps, others can do better in the future if this change doesn't stimulate local racing which, I think, is the backbone of racing.

I want to thank everyone who has helped me with the
Membership (greeting and beverage ticket area) table
during our monthly Membership Meetings this year. I
could not have done it without your assistance. Every-
one who has helped (and manned the table in my ab-
sence) has had a lot of fun and enjoyed greeting and
meeting new and current members and guests. If you
would like to help again, please let me know.

If you haven't helped and would like to volunteer,
please give me a call. It is a great opportunity to meet
people and help with the Club activities. I'm looking
for helpers for the rest of the year!

Jim's hometown is Pontiac, MI. His interests in the
club are cruising, racing, socializing and crewing.
He has lived in the area the past ten years and is the
General Manager of the Bubble Room Restaurant in
Captiva. He has not sailed since the 60's & 70's
and wanted to get back to an easier and more fun-
filled time so he bought *Knot Normal* which he
keeps at Salty Sam's Marina. Jim doesn't know any
experienced local sailors and needs some help and
crew. (Jim attended the last Membership Meeting,
and he met three CMCS Members who offered to
help him!)

WILEY PARKER NAMED PRESIDENT OF WFLPHRF

Wiley Parker, who grew up sailing in Fort Myers, has been elected President of **West Florida Performance Handicap Racing Fleet**. Wiley has served as Chairman of the WFLPHRF Rating Committee, Secretary/Treasurer and Director of WFLPHRF during the last five years.

He served twice as CMCS Rear Commodore of Racing and our representative to WFLPHRF for years. Wiley and Marla own and race “*Coyote*” and prior to that “*No Sheets*”. We appreciate their present and past contributions to CMCS and heartily congratulate Wiley on his new major leadership role.

Wiley appreciates the service that CMCS Members have given WFLPHRF in the past. He hopes that even more members will join, take an active role such as CMCS Member Paul Perisho has done recently. No only is Paul now our Area Representative, but also a Rating Committee Member of WFLPHRF.

CMCS SHINES IN WFLBOTY FINAL RESULTS

The 2005-2006 Boat of the Year (BOTY) final scores have been tallied. CMCS yachts had more top three awards than any other club in SW Florida. Forrest Banks’ *Midnite Rider* took top honors in the Spinnaker Class. Steve Romaine’s *Air Supply* won the Non-Spinnaker Class and Diane Fowler’s *Windy City* took Third in the True Cruising Class.

Over 40 racing yachts were scored in each of these classes and together these three boats raced in over 75 races from Charlotte Harbor to Key West.

John & Aline Hyatt managed to place Third in the Sport Boat Class in spite of racing major melges regattas in *Gone Mad* all over the state. Ned Christensen’s *Passion III* and Doug French’s *Tri-umph* won Second and Third respectively in the Multi-hull competition. Both are repeat top Three Annual SWBOTY Award Winners.

Congratulations to each of the award winners and the crews on achieving their goals. Also, to all those that competed to make our racing, camaraderie, and socials enjoyable. And to WFLPHRF for supplying and awarding the beautiful trophies.

CHESAPEAKE ODYSSEY OF A SUN ODYSSEY 35

By Steve and Cindy

What??? Romaine went on an extensive cruise up north, *Air Supply*, is not back yet, and he is **not** going to race his boat in Summerset or other events until mid-November!! What is Cindy putting in his drinks? Yes, it’s true, *Air Supply*, is “on the hard” in Deltaville, Virginia.

After leaving in May and a great trip so far, Cindy & Steve flew back to SWFL in early August after travelling as far north as Baltimore’s Inner Harbor to participate in Jeanneau’s Rendevous.

CMCS Members Chuck and Doreen Milbrandt sailed south and then north with Steve and Cindy for the first 10 days. “We sailed offshore most of the time when they were aboard” says Steve. “Doreen is great cutting crab traps from your prop, too.”

The Inland Waterway is tedious, and we had to stay in more marinas than planned due to the oppressive heat. Swimming pools were very welcome. Excessive wind and storms caught us in Beaufort, SC (TS Alberto) 48K., Roanoke Island—Manteo, NC 42K., and Portsmouth, VA 60 K, with hail. Cindy kept smiling through it all (HA!) along with Steve’s nine year old grand-daughter, Sarah, who joined the crew in Virginia. In addition to the Jeanneau Rendevous, there were family gatherings in Corolla, NC and Smithfield, VA.

Lots of interesting, historic, and hard to get at ports-of-call made the trip very interesting to date. Roanoke Island—Festival Park and the Lost Colon; Tangier Island and Crisfield, MD—the crab capital of the USA; Fort Monroe—Old Point Comfort, VA Museum; Yorktown, VA and Cornwallis’s Surrender 225 years ago. Solomon Island, MD hosted the Screwpile Racing (4 days, 144 racers, 3 courses—Steve didn’t race, he just went to the parties!)

Deltaville, VA with its almost 4,000 boats (mostly sail) and a population of only 1,000 residents; and St. Michael’s, MD with the Chesapeake Bay Museum are all just some of the highlights.

CHESAPEAKE ODYSSEY OF A SUN ODYSSEY 35

Passing the numerous lighthouses, experiencing the engineering feat it was to build the Inland Waterway, the beauty of our East Coast rivers, the feeling of awesome power of the USA when one passes close to our numerous warships docked in Norfolk, VA. WOW!

We met many interesting cruisers along the way including Candice & Rick Thiele of *Wings* (Caliber 40'), Cape Coral (met in SC) and Kay and Ken Olinger of *Starboard Tack* (Pearson 38') Ft. Myers Beach (met in NC). Both of these couples will be attending our Monthly CMCS Meeting upon their returns.

In addition to the above couples sharing their information about the Chesapeake, Inland Waterway, etc., others have been most helpful. CMCS Members Kathy & Jay Light, Paul Steinman, Ray Harris, Cecil Hazen, and Skip Hyde all have lent charts, cruising guides, made notes of their firsthand experiences in transversing the thousands of miles of East Coast Waterways.

To all of them, we are most grateful and to Chuck and Doreen, our "Florida Cruise Mates", we say Thank You.

NAUTICAL QUIZ

1. We may hear a forecaster express wave heights as 6' "seas", or 6' "swells". What is the distinction?
2. In 1869, Harpers Weekly featured this woman on the cover. She was credited for rescuing 24 mariners during her watch as keeper of a lighthouse. Her last rescue was at the age of 64. Who was she?
3. Who designed the predecessor to the Optimist Dinghy and what was it called?
4. What does whistling on the watch bring?

See below for answers.

1. The main distinction is with the origin. "Seas" are waves that originate and are evident at your location. "Swells" are waves at your location that originated somewhere else.
2. Ida Lewis saved 24 lives as a lighthouse keeper in Newport, RI
3. Clark Mills of Clearwater, FL designed and built the predecessor called Clearwater Pram
4. Wind
